### Message from the Guest Editor

Dear Colleagues,

This Special Issue is intended to examine this interplay in order to provide deeper insights on the spatial dynamics of social capital as a sustainability mechanism. To that extent, the aim of this Special Issue is to generate new knowledge and insights as regards the spatial manifestations and effects of social capital in both urban and regional environments. The Guest Editor welcomes papers on all aspects related to the topic and invites all types of contributions, i.e., comprehensive reviews, case studies, or research articles.

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High visibility:** indexed by the Science Citation Index Expanded and Social Sciences Citation Index (Web of Science), as well as Scopus and other databases.

**Rapid Publication:** manuscripts are peer-reviewed and a first decision provided to authors approximately 17 days after submission; acceptance to publication is undertaken in 3.6 days (median values for papers published in this journal in the second half of 2019).
